NOTE:—These estimates are based on actual results obtained on 6,632 farms situated in practically every township in the three provinces. Of this number 1,019 were in Manitoba, 3,272 in Saskatchewan, and 2,341 in Alberta. In addition to supplying the actual figures for their own farms the correspondents furnished an estimate of the average yield per acre, for their township, of the crops specified in the Table.

NOTE:—Ces estimés sont basés sur les données actuelles obtenues de 6,632 fermes situées dans presque chaque township des trois provinces. De ce nombre 1,019 sont dans le Manitoba, 3,272 dans la Saskatchewan, et 2,341 dans l'Alberta. En plus de ce qui fut requis des chiffres actuels pour leurs propres fermes, les correspondants donnèrent un estimé du rendement moyen par acre de leur township sur les récoltes spécifiées dans le Tableau.

TABLE VIII. Comparative Statement of yields of principal field crops in 1905, 1910, and 1915

TABLEAU VIII. Etat comparatif du rendement des principales récoltes en 1905, 1910, et 1915
